Pre-congressual session

Live surgery from Greece

11.30-12.30 *R. Zaccoletti comments live surgery of Pistofidis*

Congressual session

12:30-13.00 Welcome & Registration

Theoretical session: the “basics” of endometriosis

Moderators: A. Fiaccavento, S. Landi, R. Zaccoletti

13.00-13.20 Pathogenesis of endometriosis

Ph. Konincks - Belgium

13.20-13.50 Pelvic anatomy and landmark in diagnosis and treatment of DIE

V. Chiantera-Campobasso

13.50-14.10 Management of DIE

A. Ussia - Rome

Theoretical session: the “known” endometriosis

Moderators: L. Fasolino, Engl, F. Leone

Main topic

Focus on

Endometrioma

14.15-14.30 Ultrasound findings: *the ovarian signs*

P. Carfagna- Rome

14.30-14.45 Medical management: over the pill

A. De Cicco - Rome

14.45-15.00 Surgical management: over the stripping

F. De Cicco - Rome

15.00-15.15 The differences between the superficial and the deep ovarian implants of endometriosis

V. Remorgida - Genova

Social session:

15:15-15.30 *coffee break*

3 International Course of Ultrasound and Surgery in Deeply Infiltrating Endometriosis

Theoretical session: the “real” endometriosis

Moderators: F. Barbieri, S. Angioni, V. Remorgida

Main topic

Focus on

Posterior compartment

| | | |
|-------------|---|--------------------------------|
| 15.30-15.50 | Presurgical Diagnosis and staging of DIE: role of RMN | <i>K. Menni-Chiari</i> |
| 15.50-16.10 | TVUS findings: Are there good news on posterior compartment? | <i>P. Carfagna- Rome</i> |
| 16.10-16.30 | Surgery of the Recto-Vaginal septum | <i>Ph. Konincks - Belgium</i> |
| 16.30-16.50 | DIE with intestinal surgery, risks and complications: Which the behavior of colon and rectal surgeon? | <i>GL. Moretto - Peschiera</i> |
| 16.50-17.00 | Discussion | |

Theoretical session: the “new” endometriosis

Moderators: A. Fiaccavento, V. Chiantera, N. Amato

Main topic

Focus on

Lateral compartment

| | | |
|-------------|--|---------------------------|
| 17.15-17.30 | Ultrasound imaging of ureter involvement | <i>P. Carfagna- Rome</i> |
| 17.30-17.45 | Surgery of ureter endometriosis | <i>C. De Cicco - Rome</i> |
| 17.45-18.00 | Discussion | |

Theoretical session: the “unknowed” endometriosis

Moderators: F. Quaglia, A. Del Corso, C. De Cicco

Main topic

Focus on

Anterior compartment

| | | |
|--------------|---|------------------------------|
| 18.00-18.15 | Ultrasound imaging of bladder involvement | <i>F. Leone - Milan</i> |
| 18.15- 18.30 | Ureteral reimplantation into the bladder: surgical technique and outcomes | <i>S. Grosso - Peschiera</i> |

Surgical Session: Live surgery

Live from OR

Surgeons equipes: *R. Zaccoletti* *A. Fiaccavento* *F. De Cicco* *Ph. Konickxs*
 S. Landi *V. Chiantera* *C. De Cicco* *A. Ussia*

Sonographers *P. Carfagna* *F. Leone* **Lunch 12.00-13.00**

| | Live from OR 1 | Live from OR 2 |
|-------------|---|---|
| 8.30-9.00 | preoperative evaluation live eco fusion scan (TVUS & RMN scan) live visit during narcosis | |
| 9.30-10.00 | Laparoscopic window | preoperative evaluation live eco fusion scan (TVUS & RMN scan) live visit during narcosis |
| 11.00-11.15 | DIE of posterior compartment | Endometrioma |
| 11.30-11.45 | live eco scan to evaluate postoperative residual disease | live eco scan to evaluate postoperative residual disease |
| 11.45-12.00 | discussion of the cases | |
| | Live from OR 3 | Live from OR 4 |
| 13.00-13.30 | preoperative evaluation live eco fusion scan (TVUS & RMN scan) live visit during narcosis | |
| 13.30-15.00 | Laparoscopic window DIE of posterior compartment | preoperative evaluation live eco fusion scan (TVUS & RMN scan) live visit during narcosis |
| 15.00-15.15 | live eco scan to evaluate postoperative residual disease | Endometrioma with DIE of posterior compartment |
| 15.15-15.30 | | live eco scan to evaluate postoperative residual disease |

Theoretical session: the "future" endometriosis

5 International Course of Ultrasound and Surgery in Deeply Infiltrating Endometriosis
Moderators: F. De Cicco, A. Ussia

Main topic
Focus on
Adenomyosis

| | | |
|-------------|---------------------------|---------------------------|
| 15.30-15.45 | Ultrasound findings | <i>P. Carfagna - Rome</i> |
| 15.45-16.00 | Options of treatments | <i>L. Mereu - Trento</i> |
| 16.00-16.15 | Adenomyosis and fertility | <i>Engl - Brunico</i> |
| 16.15-16.30 | Discussion | |

Special Session:

Moderators: C. De Cicco, GL. Moretto

Main topic
Focus on
endometriosis and clinical implications

| | | |
|-------------|--------------------------|-----------------------------|
| 16.30-16.45 | Endometriosis and Cancer | <i>F. Quaglia - Brescia</i> |
| 16.45-17.00 | Robotic surgery and DIE | <i>S. Tadeo - Trento</i> |

Social session:

17:00-17.15 *coffee break*

Theoretical session: clinical implications

Moderators: L. Mereu, Ph. Koninckx

| | | |
|-------------|--|------------------------------|
| 17.15-17.30 | Nerve space for nerve sparing - anatomic aspects | <i>F. De Cicco- Rome</i> |
| 17.30-17.45 | “Nerve sparing surgery of DIE with parametrial involvement”: prospective study of outcomes and impact on the bowel and bladder function in the long term | <i>I. Nupieri- Peschiera</i> |
| 17.45-18.00 | Radical surgical treatment according nerve-sparing technique for severe endometriosis: impact on quality of sex life | <i>I. Salemi - Peschiera</i> |
| 18.00-19.00 | Discussion and closing works | |
